1230-1400 **Networking Lunch – Sponsored by Nordisk Aviation Products**

1400-1530 **ULD TRANSFERS AT THE CROSSROADS**

IULDUG started life in the '70s to track interlining of ULD between participating airline members. Since then, enormous changes have taken place, so it is time for ULD CARE to take a look at the business processes that define ULD transfers today and decide on how best serve its members and the industry.

UCR and e-UCR

The standard is published-now it is up to the industry to harvest the benefits

- Application of upgraded liability requirements
- Adoption of electronic messaging

1530-1600 **Networking Coffee Break – Sponsored by Dokasch**

1600-1800 **Working Group – ULDs ARE EVERYONE'S RESPONSIBILITY**

For the first time ever ULD CARE and Air Cargo Handling communities have an opportunity to sit down together. Safe and efficient ULD operations requires "buy in" from all participants in air cargo operations, these essential items must not be put at risk from weak links in the chain. Use this opportunity to join a conversation that will span:

- **Responsibilities**
- **Training**
- **Infrastructure**
- **Airworthiness**
- **Transfers of ULD**

with the aim of achieving end to end solutions.
