CONFERENCE AGENDA

ULD CARE

LOS ANGELES 2016

Day 1	Time		Presenters	
30AUG	0900-0915	Welcome to Los Angeles		Urs Wiesendanger
	0915-1045	Keynote address: Over the past 5 years ULD CARE has evolved from its basic role of managing Interline transactions, now becoming a universal platform for the development of both policy messages and operational tools for ULD CARE members and associates. Looking back much has been achieved; looking ahead much more can be achieved.		ULD CARE Urs Wiesendanger Bob Rogers + Panel session
	1045-1115	Networking Break sponsored by VRR		
	1115-1250	ULD & Regulations: ULD are aircraft parts and subject to aviation regulations and anything less than safe, compliant and efficient ULD Operations has no place in modern air cargo. Yet there is plenty of evidence that sub-standard ULD Handling and Operations abound, changing this situation remains a priority for ULD CARE.		FAA Cargo Focus Team Steve Fox Patricia Williams Delta Airlines Joseph Jensen UPS Randy Chappell + Panel session
	1250-1300	SPEAKERS CORNER Commercial Presentation		 <small>Human Chemistry, Human Solutions</small>
	1300-1430	Networking Lunch sponsored by Cargo Composites		
	1430-1445	Introduction to Workshop #1 (including E-UCR update)		ULD CARE Charles Drummond
	1445-1530	Workshop #1. ULD Transfer and control. The origins of ULD CARE lie in the management of ULD transfers-only between airlines in those days. Air Cargo	Workshop #2. Communications, Image and Outreach. ULD CARE is a communicator, how best to apply our financial and other resources to the best effect,	

		has evolved from those early days into a multiparty platform, and keeping track of ULD movement presents increasing challenges to airlines. We have the IULDUG system, e-UCR is on the horizon, how best can ULD CARE encourage and support responsibility and superior standards around ULD transfer?	promoting the ULD CARE message and image. The task of this workshop is to develop this aspect of ULD CARE's strategy for the coming 12 months and beyond.	
	1530-1600	Networking Break sponsored by Gita Aviation		
	1600-1630	Workshop # 1 / Workshop # 2: Group Reports Final Preparation		
	1630-1730	Workshop # 1 / Workshop # 2: Reporting by Group Leaders		
	Evening:	Evening at leisure		

Day 2	Time		Presenters
31AUG	0900-1045	1+1=3. A year on from the signing of the IATA-ULD CARE MOU what are the best strategies for these two organizations to achieve a solid base for safe and efficient ULD Operations and Handling. Do we know how well we are doing now and what are our targets for the future?	IATA Liao Zhi Yong + Panel Session
	1045-1115	Networking Break sponsored by DoKaSch	
	1115-1300	ULD CARE - It's all about Solutions Introducing "ULD Explained", "ULD CARE Code of Practice", "ULD Job Aid	ULD CARE Bob Rogers Urs Wiesendanger

	APP by ULD CARE "and other new initiatives/solutions. What are they, what do we expect to gain from them, how will they support our ambitions, where will they take ULD CARE, what else will come out of them?	SAUDIA AIRLINES Chris Notter JETTAINER Carsten Hernig + Panel session
1300-1430	Networking Lunch sponsored by Nordisk	
1430-1530	Putting the ULD Solutions to Work – Workshop #3. ULD Code of Practice Workshop #4. ULD Job Aid APP When airlines handed off much of their ULD activity to ground and cargo handlers and freight forwarders it was generally taken for granted that these parties would have the necessary skills and knowledge to carry out ULD activity at the required levels. Evidence tells us that this is not the way it worked out and that there are some significant gaps to be filled, which is where ULD CARE comes into the picture. These workshops are about turning these ideas into reality, creating real change in the way ULD operations and handling are carried out.	
1530-1600	Networking Break sponsored by Teijin Aramid	
1600-1610	Farewell Dinner Information Jasper Van Gelder Zodiac Aerospace	
1610-1630	Workshop # 3 / Workshop # 4: Group Reports Final Preparation	
1630-1730	Workshop # 3 / Workshop # 4: Reporting by Group Leaders	
Evening:	Farewell Dinner Event sponsored by Zodiac Aerospace Transportation by coaches for the evening: courtesy of ULD CARE	

Day 3	Time		Presenters
1SEP	0900-0945	Wrap-Up Summary From Workshops of Day 1 and Day 2	Bob Rogers
	0945-1045	What lies ahead for ULD Operations and Handling? Looking past today's issues how might things look in 2025 and beyond. New designs for sure, but will ULD handling have changed much? The aircraft and airports of tomorrow are already on the drawing boards, how much thought is being given to the long term future of ULD Operations and Handling?	ULD CARE Urs Wiesendanger Bob Rogers + Panel Session
	1045-1115	Networking Break sponsored by Teijin Aramid	 <small>Human Chemistry, Human Solutions</small>
	1115-1200	President's summary and meeting conclusion.	Urs Wiesendanger
